re: Navy Responses to Comments, Draft Final Second Five-Year Review Report, Portsmouth Naval Shipyard, Kittery, Maine, April 2012.

Dear Linda,

The Maine Department of Environmental Protection has reviewed the Navy's responses referenced above. As indicated in your May 16, 2012 email the Navy will retain 1,1-DCA in the 5-year review monitoring program at our request.

The MEDEP agrees with the findings that all remedies which have been implemented are currently protective of human health and the environment. We have no further comments on this document.

Please feel free to contact me at (207) 287-8010 if you have any questions.

Sincerely,

Iver McLeod
Project Manager
Bureau of Remediation and Waste Management
